My Dear Sir

The Very often repeated Inquiries from Strangers, "How can we obtain entrance to the Grave Yard to see the grave of," "Franklin," has induced me to ask the privilege of a Key for the St gate opposite My Residence No 32 North 5th St, that I may be the means of gratifying Many travellers and Strangers by admitting them to see the resting place of the Illustrious dead

Another Argument I might use if it were Needed, and that is, it is the resting place of My deceased relatives

If my request is granted I will consider it No trouble to attend Carefully to the Matter, and see that No unworthy persons enter

Very Truly

Thomas T. Mason

Answered Sept 5/56 — Declines answering for the reason stated by what I have from the Sexton of Franklin's Key of the North St. Gate (St. Mary's Gate directly opposite) subject to receipt of Penalty when wanted —
